

**February 2024**

**List of Accredited Bachelors (with or without honours) Degrees, Higher National Diplomas and Foundation Degrees**

The qualifications listed below have been accredited by the Joint Board of Moderators (JBM) comprising of the Institution of Civil Engineers, Institution of Structural Engineers, Chartered Institution of Highways & Transportation, the Institute of Highway Engineers and the Permanent Way Institution on behalf of the Engineering Council.

Graduates from one of the accredited Bachelors programmes will:

1. fully meet the academic requirement for registration as an Incorporated Engineer (IEng).

Graduates from a Foundation Degree or an HND will:

1. fully meet the academic requirement for registration as an Engineering Technician (EngTech).
2. partially meet the academic requirement for registration as an Incorporated Engineer (IEng). Candidates must hold a programme of accredited Further Learning to a Bachelor degree level to meet the academic requirements for registration as an Incorporated Engineer.

From 1999, accredited bachelor degree programmes became the educational benchmark standard for an Incorporated Engineer. However, some HNC/D or Foundation Degree courses were still recognised after this date and these are listed below.

From 2011, an HNC will only meet the academic requirement for registration as an Engineering Technician.

Mode of Course:

DL = Distance Learning

FT = Full Time

PT = Part Time

S = Sandwich

The years shown in the listings are the inclusive intake periods for which these courses are accredited.

Please note that in some cases, accreditation beyond 2021 might be pending. Please contact the JBM Secretariat at [jbm@ice.org.uk](mailto:jbm@ice.org.uk) for further information. <sup>1 2</sup>

---

<sup>1</sup> Where an intake year has not been extended, this will usually be because the University no longer offers civil engineering courses

<sup>2</sup> Accreditation periods since 1999 are shown below. Historical data on all accreditation activities is held at the ICE, IStructE, IHE, CIHT and PWI and you should contact the Institutions directly if you have any queries.
